Terms

1. **Copyright retained by Author(s).** The Author(s) retain copyright in this work. No copyright is transferred to the Journal.

2. **License granted to the Journal.** The Author(s) grant the Journal a non-exclusive, worldwide license to publish, reproduce, and distribute this article in the Journal, in print and/or electronic form, and to permit others to do so under the terms of the license described below.

3. **Open access license.** Upon publication, this article will be made available under the **Creative Commons Attribution 4.0 International License (CC BY 4.0)** (https://creativecommons.org/licenses/by/4.0/). This license permits unrestricted use, distribution, and reproduction in any medium, provided the original author(s) and source are credited.

4. **Author rights preserved.** This license does not restrict the Author(s)' right to: (a) post the published article on personal websites, institutional repositories, or preprint servers, with a link to the published version; (b) reuse figures, tables, and text in future work, with appropriate citation; (c) enter into separate, non-exclusive licensing arrangements for distribution of the published version, provided proper acknowledgment of first publication in this Journal is retained.

5. **Originality.** The Author(s) confirm that this manuscript is original, has not been published elsewhere, and is not under consideration by another journal.
